

# Cover your bases with KRYTAR

KRYTAR, Inc., founded in 1975, specializes in the design and manufacturing of ultra-broadband microwave components and test equipment for both commercial and military applications.

Products cover the DC to 110 GHz frequency range and are designed for a wide range of applications including:

- Test Equipment
- Simulation Systems
- SATCOM & SOTM
- Jammers for Radar & IEDs
- Radar Systems
- EW: ECM, ECCM & ESM

KRYTAR has a commitment to technical excellence and customer satisfaction.

These principles form the basis for the steady growth that has earned KRYTAR an enviable reputation in the microwave community.

**Cover your bases.** Contact KRYTAR today for more information.

## MIL-Qualified RF, Microwave & mmW Components

- NEW! Directional Couplers to 110 GHz**
- 3 dB 90° Hybrid Couplers to 44 GHz**
- 3 dB 180° Hybrid Couplers to 40 GHz**
- Beamforming Networks to 18 GHz**
- Power Dividers to 45 GHz**
- Detectors to 40 GHz**
- NEW! Space Applications**
- Custom Applications**
